

Take Part. Get Paid.

We're Hiring Returning Officers

Are you recently retired? Miss the structure of a work day, but only on a casual basis? Maybe the kids are off to school and you have more time to give back to your community?

If so, consider being one of our 61 returning officers across Saskatchewan. The returning officer is key to any election.

We're looking for community leaders who can manage people and processes, are at ease with technology, and are great communicators.

These are casual term positions with minimal hours over the next year. In the 12 months leading up to the November 2020 provincial election there will be training and projects to complete. This job ramps up to a full-time, 3-month work-term in summer/fall 2020.
